Small Changes Deserve Attention

You do not have to wait for a fall or medical emergency to step in. Have you noticed:

- ☐ A cluttered kitchen or expired food?
- ☐ Missed social activities or growing loneliness?
- ☐ Forgotten appointments or minor confusion?
- ☐ Changes in meals, routines, or confidence?
- ☐ New hesitation moving around the home?

Lifestyle support is not about taking over their life.
It is about preserving it.

OUR PROMISE

Rooted in Virginia's Way

Led by owner Shakeila Andrews, PR Home Care was founded on a simple, powerful promise: to support aging loved ones with the same dignity, full presence, and deep respect we gave our own matriarch, Virginia.

We do more than sit nearby. We offer meaningful company, observe changes, support daily routines, and help older adults stay connected to the life they love.

**"Dignity is not a service add-on.
It is how every visit begins."**
